

IT'S IMPORTANT TO MAKE A WILL BECAUSE IT:

1. Can save your family or friends from a lot of distress, and potential conflicts, at a time when they are grieving. Having a Will makes it much easier, and significantly quicker, to sort everything out, and removes uncertainties
2. Means you decide how everything you own will be shared out. Without a valid Will the law decides for you, and this is frequently not how you would choose to share your hard-earned assets
3. Safeguards your children if they are young, or people who are financially dependent on you, by ensuring that they will be cared for in accordance with your wishes
4. Also ensures that any money, property or possessions you have will benefit the people you choose. And it does not go to people whom you do not want to receive your possessions or assets
5. Can help to reduce the amount of any Inheritance Tax that might be payable, on the value of money and property you own

Making a Will is an easy-to-do, inexpensive investment. Why not discuss your Will requirements with our professional Estate Planning Consultant, who will do all the work for you and ensure your wishes are reflected in your Will?

Please contact us, and we'll be pleased to put you in touch. Our Consultant usually meets you at your home, at a time to suit you, which means that you can arrange everything at your convenience.
